The Makerere University Centennial Poetry Competition

Introduction

Established in 1922, Makerere in the year 2022 will celebrate 100 years of existence. To celebrate this, the Department of Literature, Makerere University sought poetry entries for a competition entitled **The Makerere University Centennial Poetry Competition**. The entries aimed at showing how far Makerere University has come, and its place in teaching, research and community outreach. They also explored the uniqueness of the University, drawing on its history and current state, and show how an interaction between the academy and the community it serves can be fostered for the next a hundred years of Makerere University's existence.

In light of the above, the judges of **The Makerere University Centennial Poetry Competition** received a total of **35 poems**. From these, there was a selection of 15 poems that have made it to the longlist of the winning poems. These are presented below in no particular order.
